Indian Institute of Social Welfare and Business Management (IISWBM) is the first Management Institute of the country. It was established in 1953 by Dr. B. C. Roy, the then Chief Minister of West Bengal, as the Founder President. The Government of India, in recognition of 50 years of glorious existence of the Institute as the first B-school in the country, released a commemorative postage stamp on IISWBM on 25th April 2004 in New Delhi.

As the name of the Institute suggests, IISWBM was historically set up with a view to social welfare. The primary objective was, and remains till today, not only to churn out managers for the corporate sector but to train students for other activities relevant in the contemporary socio-economic scenario of the country. The focus of the courses remains interdisciplinary to give the students a holistic view of any organization.

IISWBM's mission is to impart management education, develop managerial talent and sharpen the competitive managerial abilities of its students so that they can outperform in the borderless business world of tomorrow.

IISWBM's philosophy is to develop right managers for the Indian business scene keeping in mind the commitment made by Pandit Jawaharlal Nehru during the laying of the foundation stone, i.e. "an intellectual experience linked with the sense of social responsibilities". Our philosophy can therefore be explained by our name IISWBM, i.e.

- Indian values
- Innovative ideas
- Sincerity in performance
- Worshipping knowledge
- Broadening horizons
- Making managers of tomorrow

MSW PROGRAMME

Masters in Social Welfare - The course and the degree

The Indian Institute of Social Welfare and Business Management was set up in the year 1953 with the vision to create professionals to manage professional business organizations with an awareness of the social responsibility of business. The name of the Institute itself suggests that the founding fathers felt the need to blend business management with social welfare through academic excellence. The focus at IISWBM has always been to create socially conscious professional managers. After completing sixty years of promoting excellence in education it would like to renew its pledge by offering a post graduate degree program in Social Welfare to meet the growing need for trained manpower, through value-based professional education for social work in different social spheres.

The course is designed to provide students with a sound theoretical knowledge about social work, social welfare, laws, policies and the fields and domains of social work. It will develop knowledge of history and development of social work in India and abroad as well as current trends of social work practices. It aims to develop skills in students for working with people and communities at different levels and network with other groups and professionals working in similar areas. The course will also emphasize an understanding of the relation between the State, its policies and laws and how these can be usefully deployed for ensuring human rights and entitlements.

The course will be delivered through classroom sessions, presentations, seminars as well as fieldwork based internship. Students will be required to choose two areas of specialization to qualify for the degree. In addition to attending regular classes, students are sent for regular field visits, short internships, special seminar classes and help to organise various socially relevant events throughout the year. The Two year Post Graduate degree is awarded by the University of Calcutta.

Eligibility :

Honours candidates or equivalent course (where honours are not available) from a recognised University. Graduate in any professional course (Engineering, etc), LL.B (5 years) of a recognised University. Final admission will be based on the qualification being approved by the University of Calcutta for admission to the Masters Degree course in Social Welfare.

Specialization based on eligibility offered in the areas of :

1. Child & Family Welfare
2. Correctional Social Work
3. Community Organisation & Development Practice
4. Labour Welfare

Mission

To create through proper, systematic education, trained social work and social welfare professionals who can be employed by various governmental, inter-governmental and non-government organizations working in micro as well as in macro levels, locally, nationally or internationally.

Salient features of the Course

- Two-year Full-time Semester basis
